

Clearcreek Fire District

Monthly Report

September 2017

Highlights

October 7 - 8, 2017 marks the 36th annual National Fallen Firefighters Memorial Weekend. Sponsored by the National Fallen Firefighters Foundation (NFFF), cities across the nation will "Light the Night for Fallen Firefighters". More than 30 buildings and landmarks nationwide will pay tribute to our fallen brothers and sisters. The nation honors the 75 Firefighters who fell in the line of duty in 2016, along with an additional 20 Firefighters who died in previous years with a candlelight vigil on Saturday, October 7, 2017; followed by a memorial service on Sunday, October 8, 2017 at the National Fire Academy in Emmitsburg, MD. Live streaming and video download of the ceremony, courtesy of NFFF, are available online at weekend.firehero.org.

"Firefighters possess an extraordinary blend of courage and compassion which allows them to willingly face tremendous risks to help those in need," said Chief Dennis Compton, Chairman of the National Fallen Firefighters Foundation Board of Directors. "The National Fallen Firefighters Memorial is a testament to the ultimate sacrifice made by these brave men and women."

Kudos

Kudos to Lt. Buehler, FF/PMs Bell and Jeffers for providing prompt and excellent service investigating a carbon monoxide leak for a resident on Woodland Greens Boulevard.

Kudos to Lt. Null for completing the Maxwell Leadership program through the Ohio Fire Chief's Association.

Kudos to Lt. Carman and unit crews for all the hard work they put into preparing for the CCFD Open House in October.

A special "thank you" to our Honor Guard members, Capt. Urban, Lts. Carman and Stafford, and FF/PM Walker, for assisting in services for Captain Abston from Franklin Division of Fire.

Station Response Percentages

Fire/Rescue/EMS By Day of Week

Mutual Aid

Significant Response Activity

Average response time for September is 5.36 minutes.

Average response time, Year-To-Date, is 5.35 minutes.

Response times are denoted from the time of dispatch to the time the first unit arrived on the scene, per Warren County Communications.

Alarms by Service Type

**Alarms for September: 245
Alarms Year to Date: 2,353**

On 9/9/17 @ approximately 20:53 hours, CCFD Fire/EMS crews responded to South Main Street for a reported non-breather. Upon arrival, crews found the patient unresponsive and in cardiac arrest. Crews initiated Advanced Life Support procedures and transported patient to Kettering Franklin ER. After arrival, hospital staff terminated patient care.

On 9/16/17 @ approximately 23:33 hours, CCFD Fire/EMS crews responded to East Lower Springboro Road for a reported motor vehicle accident with a possible rollover. Upon arrival, crews found one vehicle with heavy damage. Three people occupied the vehicle, one of which ejected during the accident. Crews transported one patient to Atrium Medical Center. Dispatch assigned two additional medics to the scene. One medic transported a patient to Atrium Medical Center while the other patient refused care.

On 9/19/17 @ approximately 21:26 hours, CCFD Fire/EMS crews responded to West Pekin Road for a reported non-breather. Upon arrival, crews found patient breathing but disoriented. Crews initiated patient care and transported patient to Atrium Medical Center.

On 9/20/17 @ approximately 00:53 hours, CCFD Fire/EMS crews responded to West Pekin Road for an unconscious

patient. Upon arrival, crews found a male unresponsive. Crews initiated Advanced Life Support procedures and transported the patient to Atrium Medical Center.

On 9/29/17 @ approximately 11:45 hours, CCFD Fire/EMS crews responded to Sapphire Drive for a reported structure fire. During response, dispatch informed crews of a stove fire. Upon arrival, crews found no fire or smoke present and residents self-evacuated the building. Investigation revealed materials from a hood vent above the stove caught fire during installation. Residents extinguished the fire using a dry chemical extinguisher. Washington Township Fire Department provided mutual aid assistance.

Dollars Saved/Loss

Total Potential Property Loss
\$545,000.00

Total Property Loss As A Result of Fire
\$2,000.00

Total Property Saved From Fire Damage
\$543,000.00

HALLOWEEN FIRE SAFETY TIPS

- » When choosing a costume, stay away from long trailing fabric. If your child is wearing a mask, make sure the eye holes are large enough so he or she can see out.
- » Provide children with flashlights to carry for lighting or glow sticks as part of their costume.
- » Dried flowers, cornstalks and crepe paper catch fire easily. Keep all decorations away from open flames and other heat sources like light bulbs and heaters.
- » Use a battery-operated candle or glow-stick in jack-o'-lanterns. If you use a real candle, use extreme caution. Make sure children are watched at all times when candles are lit. When lighting candles inside jack-o'-lanterns, use long, fireplace-style matches or a utility lighter. Be sure to place lit pumpkins well away from anything that can burn and far enough out of the way of trick-or-treaters, doorsteps, walkways and yards.
- » Remember to keep exits clear of decorations, so nothing blocks escape routes.
- » Make sure all smoke alarms in the home are working.
- » Tell children to stay away from open flames including jack-o'-lanterns with candles in them. Be sure they know how to stop, drop and roll if their clothing catches fire. (Have them practice, stopping immediately, dropping to the ground, covering their face with hands, and rolling over and over to put the flames out.)

If your children are going to **Halloween parties** at others' homes, have them look for ways out of the home and plan how they would get out in an emergency.

Did you know?

Decorations are the first thing to ignite in 900 reported home fires each year. Two of every five of these fires were started by a candle.
