2016 was our second year of hosting Children Safety Town. Safety Town is a program where children ages 6-8 attend a 5 day class where they are taught safety issues by Police Officers.

Some of the topics covered are: pedestrian safety, traffic signals, using 911, internet safety, stranger danger, school bus safety, fire safety, etc. The children are taught in a classroom and in a hands-on setting in a scaled down village. 238 children attended the program in 2016. This program is staffed by Officers of Clearcreek Township and Springboro Police Department. Members of the Clearcreek Township Fire Department and Springboro School System also assist in training components of the program.

Community Events and Outreach

The 2016 National Night Out – Night Out Against Crime was again a successful community outreach event for Clearcreek Township. Approximately 2,200 township residents and guests took advantage of near perfect weather in early August to come out to the park, take a stand against crime and celebrate with the men and women of the Clearcreek Township Division of Police. Families walked the grounds of Patricia Allyn Park together as they visited the various booths and demonstrations put on by the Police Division, the Fire District and our area partners; including the Ohio State Highway Patrol, the Warren County Sheriff's Office, the Warren County Prosecutor's Office and others. Guests enjoyed the opportunity to meet and mingle with officers, and enjoy a hamburger or hot dog. The children enjoyed the numerous activities and safety stations that, this year, included a miniature version of the Clearcreek Township "Safety Town Village". The event was again coordinated by Officer Nicole Cordero under the direct supervision of Chief John Terrill. Officer Cordero has been planning this event for several years now and her efforts are greatly appreciated. There were many positive comments from participants and visitors. This is an event we all look forward to each year!

Accreditation Update

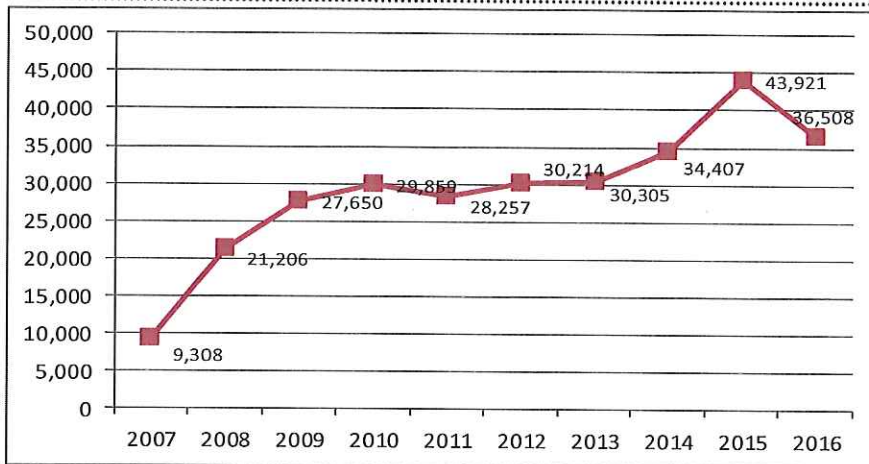

Clearcreek Township Police Awarded Re-Accreditation

In July 2010 the Clearcreek Township Police Department was awarded its initial accreditation by the Commission on Accreditation for Law Enforcement Agencies (CALEA). Accreditation lasts for a three year period. In July 2013, we received our first Re-Accreditation. In between on-site assessments, the agency must maintain compliance with CALEA standards and file an annual report with CALEA attesting to continued compliance.

In July of 2016 CALEA sent two assessors to evaluate our standing for a second re-accreditation. Sgt. Stacy, with assistance from Officer Bates, assembled proof files for the 481 standards on which the police department was evaluated. The on-site assessment was our best to date and in the assessors report to the commission, they recommended us for re-accreditation. Sgt. Stacy expressed his thanks to the Police Department staff, as well as Township Administration, the Trustees, and the Fiscal Officer for their assistance in making the on-site such a success.

Because of the successful on-site, we were invited to attend the CALEA conference in November 2016. On Saturday November 5th Chief Terrill, Sgt. Stacy and Officer Bates appeared before a committee of CALEA commissioners, who took turns asking questions about our agency, its successes, and the on-site assessment. At the end of that hearing the commissioners voted to recommend us to the entire commission for a vote on re-accreditation. When the entire commission met that afternoon, they voted to bestow that honor upon our Police Department and that evening, at the "Celebration Banquet", the Clearcreek Township Division of Police were presented their second re-accreditation by CALEA Commission Chairman Richard Myers and Executive Director Craig Hartley.

CALEA accreditation represents Chief Terrill's commitment to professional excellence as the CALEA standards require that we adhere to accepted best practices in law enforcement policy and practice. The following statistics provided by the Bureau of Justice Statistics and CALEA are particularly noteworthy. There are just over 20,000 law enforcement agencies in the United States. Of these agencies 1018 are accredited (5%). Of those accredited agencies, 48 (.2%) are small "A" sized agencies such as ourselves. In the State of Ohio there are 65 accredited agencies, of which only 7 are "A" sized. This commitment to professional excellence shows in the way our officers interact with and serve our citizens every day.

One of the goals of the Clearcreek Township Division of Police is to have well trained and professional Police Officers. In 2016 Officers made progress toward that goal.
